August 2010

PRESIDENTS CORNER:

Well I don't know what everyone else thinks, but I would say this year's hunt was a huge success! I realize that not everything went as we had planned or as we would have liked. But considering we had a brand new hunt location and a lot of new issues to deal with, I think things went remarkably smoothly. I talked to quite a few hunters during the weekend that said they enjoyed our new location. Many thought that the Deer Trail Campground was even better than the River's Edge Campground. I would like to thank everyone that helped out during this year's hunt. I know there is a lot of work involved to get through the weekend and our club members stepped up to the plate time and time again when a task came up or a job needed to be done. I especially want to thank our huntmaster, Steve Miller for all the work he did to make our hunt the success that it is. I am sure there are a few things we can improve on for next year's hunt. Let's bring a list of positive improvements to the August meeting so we can make the 2011 hunt even better than this year. Speaking of the August meeting, we will begin taking nominations for our elections. We need our club members to step up and volunteer to be a club officer. The work is not that hard and it can be very rewarding. Nominations will taken at the August and September meetings. Our elections take place in September and the new officers take over in October. Please give serious consideration to becoming a club officer and supporting our club. Kent

Note from Huntmaster - Steve Miller

Thanks to everyone that was involved in helping to put on the best hunt we ever had. I was worried when we had to switch hunt sites, but everything including the new site worked out great. I was happy to see all the people pull together, pitch in, and without even asking most of the time. There were so many that I wouldn't want to start naming names as if I missed anyone they would feel left out. Just everyone feel good that the club is really getting known for putting on a great hunt. There is one area that we always can use more help in and that is planting the coins. I don't know if any of you noticed but there was one person that planted almost every hunt and never complained and always was asking me for more, He was even out there by himself for a while in a couple hunt fields so I quit hunting and went over and helped him. Gary thanks for all that you did and I say thanks to everyone else that helped at the hunt.

Thanks Steve

As for the Hunt the owner said everything went well with exception of a few driving too fast in the camp ground, and would not commit to next year till she sees how their divorce goes, and to make sure the camp ground will be open. She will keep in contact with me with updates.

Please thank and support the following business and clubs for their donations to our 14th Annual Hunt and for their continued support to our 15th Annual hunt in 2011.
