

## Treasured Times Mid-State Metal Detector Club Newsletter January 2017

Hello All and Happy New Year.

The winter is really fling by and that's a great thing. I have not been out detecting in such a long time.

Well we have a meeting coming up January 18 at 7 PM at shooters restaurant. If anyone has someone that wants to speak at a meeting – we need one for January, the one I had scheduled cannot make it till April.

I would love to have a talker for even 25 minutes just so we have something to do. We will have the returned drawing for single club membership, silver half, Quarter, or dime. I think we have like 3 or 4 entries you can only win once.

We will do the scavenger list drawing at the meeting also for the same prizes and you can only win once to give others a chance. I will bring list to fill out.

Finds of the month will start back up March or April.

Not too much else going on with this cold

Steve.

Editors Corner:

This is for the ones that came to the Christmas Party, it was short but sweet and I believe that all had a good time playing the greed game. Hope to see you in a couple of weeks.

The club dues are going to be collected by our treasurer, Sharon O'Connor, so come prepared to pay \$20 couple and \$15 for single.
