Sorry that the newsletter is late, things get very busy and planning to go away for a couple of days. Hope that a lot of you got out and found some great treasures.
If you are planning to go camping during the time of our annual meet, you better let them know at Deer Trail Campground. She told me that they have a new system for registration and that just telling them that you will be back next year is not going to hold your camping spot. So call 1-715-866-3871.
