

MID-STATE METAL DETECTING CLUB NEWSLETTER SEPTEMBER 2017

VICE PRESIDENT CORNER, (KENT);

Club Members:

We will be electing Club Officers and asking for Volunteers for each of our Teams at the September meeting. Please review the positions available and take an active role in your club.

President, Vice President, Secretary, Treasurer

These are elected positions.

So far the only club member that has said they would run for office is Sharon O., who said she would run for another term as Treasurer. We are looking for club members to be nominated and run for the other 3 positions.

Below are positions that are not voted upon. We are looking for 1-2-3 volunteers for each team. The more volunteers we have for each team the less work for each team member.

Club Outing Team: This team will help organize our club hunts in the Spring, Summer and Fall. The team will research and then present outing locations and dates for consideration at our regular Meetings.

Club Awareness Team: This team will help promote the club via posters, flyers, radio, newspaper,... Essentially anything to help get the word out about our club and attract new members.

Finds of the Month Team: This team will organize the Finds of the Month contest. FOM sheets will get set out at each meeting and the team will determine the winner in each category.

Annual Hunt Team: This team will help organize the club's annual hunt that is held at the end of July each year.

Raffle Team: This team will buy coins and other metal detecting related items, bring them to the meeting, and run the raffle for the club members to win those prizes.

Webmaster Team: This team will maintain the club's website.

Legislation Team: This team will track metal detecting legislation in Wisconsin and keep the club up to date with any new laws or restrictions that affect the hobby of metal detecting.

Newsletter Team: This team will organize and send out a monthly newsletter prior to each of our monthly meetings.

Speaker Organization Team: This team will recruit speakers to attend our club meetings and present information to our club members.

The meeting in August had 24 members and 1 new member. The membership drawing was won by Betty Maeder, and she won \$60.

Returned Items: Rick Gremler a medallion and the person was a worker for the police dept. Shelby Stanczyk, found a credit card that was returned to the owner.

Old Business: The club wrote checks for the storage of the trailer in the amount of \$300 and \$200 for mowing of the field and next year \$100 for garbage, unless there is not garbage to pick up.

Doug & Betty Maeder are going to check trap club campground on Hwy 13 for annual hunt or Jelly Stone Campground.

New Business: Rick Gremler said hunt website was updated.

Annual hunt went well, and people enjoyed themselves. The question of why the trailer door was not fixed? Next year there will be less categories for the hunts. The club needs to buy more comfortable chairs for our workers and a shade tent. We need to buy tubs for the trailer to put items in and also to label them. Next year club members will get a ticket for bringing your display cases to put in the trailer. We need to get rid of the big canopy tent. This will give an incentive to buy more tickets.

Finds of the Month:

Penny 1882 Doug Miller

Nickel. 1964 Phil Bender

Dime. 1923 Mercury

Quarter. 1985 Don Allworden

Foreign. 1963 Canadian. Don Allworden
