

Midstate Metal Detector Club Newsletter - April 2019

Hello All, Well its that time again,

We are finally going to have a meeting tomorrow night at 7 pm. Its been a while I hope you are all up for this.

There isn't a lot of stuff going on, But we need to have meetings, hopefully we will be having all the normal raffles and give a ways. We have the hunt fliers on the website. This Wednesday night we will be doing the scavenger drawing from last year but you will need to have the form downloaded and filled out with your finds from last year. This scavenger list is also on the club website.

I know its getting late in the year already but if we are going to have a hunt at my house we need to do it soon. About the only day I have open during the week is on Sundays. Otherwise I have to work 6 days a week now with all this crazy weather. But if we are going to have anything to eat someone else is going to take care of it as I do not cook much.

Make sure you bring you detecting finds from this year so far we will have finds of the month.

See you Wednesday night at shooters at 7 pm.

Club President:
Steve Miller
