

Hello All

Well its that time of the month again and that time of the year.

Yes its meeting time, we have something different going on this month. It is show and tell, bring in your good or bad Copper culture and fur trade items. We want to see what you have been finding.

If you bring in copper culture or fur trade items we will give you one ticket. for a raffle I do not know for sure what will be in the raffle depends on what gets donated. I will donate some stuff the club will also, the question is what will you donate?

Next month (December) will will be having the Christmas Party, we will discuss this tomorrow

There will be a meeting tomorrow night 11 -20- 19 at shooters at 7 pm and I have had some people with interest in the club. please introduce your selves and make them feel at home.

Seeing there is nothing going on with no one running for offices and no one wanting to talk. Bring in some of your finds and displays so the new people have something to look at. There should be normal raffles and drawings tomorrow.

Remember to drink or eat something as they do not charge for meeting place.

Have fun detecting and bring in your finds – Steve
